

## HubSpot CMS website Development for Travel and Tourism

**Client:** The client is a foremost travel adventure and tourism firm in the USA. Being the biggest travel and tourism firm in the market, they offer a comprehensive range of services from tripping, trekking, sailing help exploring customers to awesome spots in the USA.

### Business Challenge:

Our client has a website for their business but faced many issues on maintenance and management of the boring semblance of webpages, bringing traffic to their website, and more. Being a travel and adventure-based firm, they needed a content management system for managing the marketing side without technical knowledge. They want a new digital content strategy to be implemented for SEO and content i.e., blogs, tips, just a min tip on traveling, brochures, guides, inspirations, locations, and more. that could be a major gateway for reaching their potential customers.

### Solution Delivered:

After analyzing the client's business requirements and challenges they faced, we chose two types of solutions. The first choice was relaunching their website with adding and migrating and the second one was completely revamping the website with new technology. Since the client was frustrated with the old one, they chose to revamp the website that look more realistic. We helped them create a custom-made website and implemented HubSpot CMS that could surely help them overcome the challenges faced. Also, it has benefitted in terms of performance, user-friendly system. Later, marketing team was interested in utilizing HubSpot tools and CRM that helped them to manage their business like a pro.

## Business Benefits:
